Introduction

Welcome to the tenth edition of the directory of halls for hire in Yeovil and surrounding villages. We hope that this fully updated edition of what has proved to be a very successful publication will continue to prove a useful guide to finding a suitable venue for your meeting, party, training event etc.

So what's in it?

Within the Directory you will find a separate entry for each of the respective venues. There are two sections, the first one is for venues that are fully accessible and the second section has venues with varying degrees of accessibility. Each entry is numbered, and on the centre pages of the Directory you will find a map of Yeovil indicating where in the town the facility is located.

Each entry provides you with details of some or all of the following.

- Number and type of rooms to hire and in most cases room size or number of people that can be accommodated
- Kitchen facilities
- Any additional equipment and/or facilities (car parking, tables, chairs, audio/visual equipment)
- Any restrictions on types of use or users
- Current availability (correct at time of publication)
- Accessibility (an independent audit was carried out by Access for All on each venue to ascertain the degrees of accessibility and whether it applies to the whole building)
- Hire charges (correct at time of publication)
- Booking contact

In the course of using this directory you come across any information that would be useful to include in future editions, or you would like to pass on any other comments please use the contact details below.

If you would like an electronic copy of this brochure please go to our Area South Development website page on www.southsomerset.gov.uk/communities/area-working/halls-for-hire.

Finally, if you are involved with a community facility not in this directory and would like to be included in future editions please contact:
