

Pay Multiple 2024

Section 38 of the Localism Act 2011 requires local authorities to produce Pay Policy Statements, which should include the authority's policy on pay dispersion – the relationship between remuneration of chief officers and the remuneration of other staff.

Local authorities must, under this Code, publish the pay multiple on their website, defined as the ratio between the highest paid taxable earnings for the given year (including base salary, variable pay, bonuses, allowances and the cash value of any benefits-in-kind) and the median earnings figure of the whole of the authority's workforce. The measure must:

- cover all elements of remuneration that can be valued (e.g. all taxable earnings for the given year, including base salary, variable pay, bonuses, allowances and the cash value of any benefits-in-kind)
- use the median earnings figure as the denominator, which should be that of all employees of the local authority on a fixed date each year, coinciding with reporting at the end of the financial year, and
- exclude changes in pension benefits, which due to their variety and complexity cannot be accurately included in a pay multiple disclosure.

Yeovil Town Council's pay multiple as at 1st April 2024 is **1 : 2.89**

These calculations include part-time employees' total salaries as full-time equivalents, not pro rata.
